who we are - about us

"fd consult" is the re-engineered brand name for the today's 18 years old FAIM DESIGN.

with more than a decade in operation the company has developed individual traits that shaped up its character, positioned it among competition and influenced the way it produced and delivered work.

with a renewed vision "to be the architect of choice that contributes to Qatar's and the region's development by offering innovative, functional, diverse, sustainable and culturally relevant architectural services"

we are setting the stage for further growth, enhanced clients satisfaction and access to broader markets and market shares.

our mandate relies on a clear mission set out to ensure we walk the talk, hence

"we will strive to deliver outstanding products and services that answer our clients' needs and do equally demonstrate the best of our talent, knowledge and experience.

we believe in the human capacity and diversity, and we look at our team as our main asset

we care for the environment and we place sustainability at the core of our design approach.

we value our commitments and we aim at delivering on our promises, on time, at all times."

Sustainability - our new frontier for innovation

At this stage, with fd consult marking its 18th year in Qatar, I find myself increasingly motivated about the which our future is being crafted.

We have had our opportunities, and we have invested our all and our best to deliver work that nurtures our position. Today our portfolio is even more diverse; we challenge our skills and knowledge at each opportunity to prove our results on every project. We are also today as excited as we have ever been about the human capacity we have been lucky to bring together; our constantly growing team of skilled professionals made the whole difference for us and you.

By approaching **sustainability** as a goal today, we took the direction for change turning into a smart company. We want to develop competencies and skills that our rivals will be hard-pressed to match. That competitive advantage will stand us as a team in good stead, because sustainability will always be an integral part of our development and our drive to **innovate**. A thank you note to our clients; you have given us the opportunity and enticed us to sustain our innovation standards and to learn to think differently every time we had to. You have inspired us to **sustinnovate**.

Thank you for your confidence in us.
Truly,

Imad Al Akoury - **Managing Director**

what we are about - our traits

\ **innovative** \

we strive toward offering products of a class of our own.

\ **modern** \

we bank on a rooted understanding of the local culture and architectural preferences yet we engage our skills to extend the design boundaries and to produce ageless work.

\ **reliable** \

we think and behave on our clients' behalf. we deliver well; on time.

\ **expert** \

18 years+ of expertise; we are blessed with a unique blend of talented people who will never quit challenging themselves to offer more.

\ **sustainable** \

Sustainability is rooted in our culture. It is reflected in our operations, in our continuous development and in our products and services.

what we do best - our services

fd consult is the one-stop-shop grade A partner of choice for services of master planning, architecture, interior design, mep, civil engineering, sustainability and construction supervision consultancy in Qatar and the region.

Master planning, Architecture Interior Design & Engineering

we pride ourselves to be providing design and engineering solutions that are equally creative, functional and commercially fit to purpose while always highly specific to clients' needs and requirements.

our design process incorporates the various stages of conceptualization, design development, architectural fire safety plans generation, mep and structural engineering, value engineering, landscaping and sustainability design along with authority approvals, bill of quantities and tender documentation.

Construction Supervision & Project Management

we perform on behalf of our clients being the meticulous design guardians and the rigorous construction supervisors. we help them reduce technical risks, prevent construction errors, control budgets and effectively keep your construction project within the planned schedule and in sync with the technical design guidelines.

Architecture of Record (AOR)

fd consult is an all disciplines A graded firm which makes it a local consultant of choice for international design agencies to provide local architectural services (conceptualization, design development, AFS, authorities approval and sustainability) to their clients in Qatar.

Sustainability

in line with the nation's efforts to introduce further enhancement to the sustainable development framework in Qatar, fd consult encourages its customers and works with them to assess a range of design options in accordance with the GSAS guidelines that would help driving sustainable outcomes and mitigate environmental risks during the development process.

fd consult is a certified GSAS service provider under the license # spd-qa 171-00171

Value Engineering and Cost Reduction

with the right set of expertise, our team has a completed a sized number of consultancy works for prominent projects, developers and contractors across all Qatar and the GCC, that covers civil and steel structure, MEP and architectural works.

best of what we did - projects

we have accumulated a vibrant projects portfolio that we are proud of, spanning across public and private sectors in Qatar and the GCC. from master plans, commercial, retail, hotels, civic to mixed use and private residential properties, our showcase reflects our magnitude and particular style and talent. the complete digital portfolio can be found on the embedded CD. alternatively visit our projects section www.fdconsult.qa

Master Plan Developments

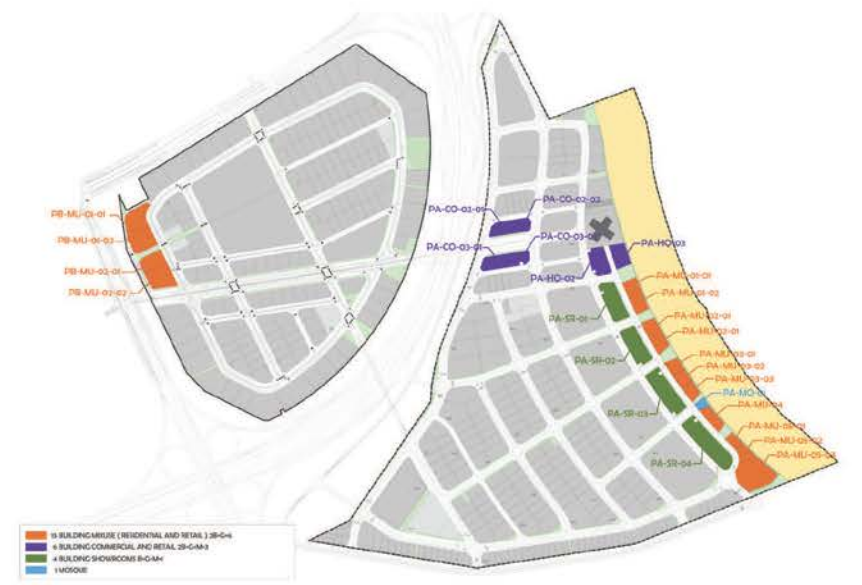

Ras Bufontas Special Economic Zone Waterfront and commercial spine developments

Adjacent to Doha's new Hamad International Airport (HIA), Ras Bufontas is a 4.01 km² world class infrastructure and a thriving business environment, opening doors for local and foreign investments in light manufacturing, clean and hi-tech industries as well as logistics.

Our scope involves a Development of 5 Commercial & Retail Buildings, 12 Mixed Use Buildings, 4 Showrooms and a Mosque with a total plot area of 197,945 sq.m.

The landscape design with relation to every unit of our project including the waterfront promenade is one more integral part of our scope, stretching over an area of 123,159 sq.m.

Project Scope: Design, Landscape, GSAS
Total built up area: 754,299 sq.m

Cultural and Sports Entertainment Complex

Located in Al Maamoura, right in the heart of Doha, This complex surrounded by low rise residential buildings will serve the residents as an intrinsic environmental ground infrastructure to be exposed in nature improving psychological, social and mental health by enabling and providing people an area to exercise promoting and creating a stable community.

Our scope involves a Development of 21 Commercial & Retail Buildings, 12 Indoor sports facilities, kids playground and a mosque with a total area of 59,337 sq.m.

Project Scope: Design, Supervision
Total built up area: 59,337 sq.m
